

POLANA RAKSHITA

rakshita0023@gmail.com | +917799881418 | Delhi, India 13753

Summary

Results-driven AI/ML intern experienced in developing machine learning models and collaborating on data visualization projects. Known for problem-solving abilities and technical proficiency in Python and JavaScript, eager to contribute to innovative data-driven solutions.

Skills

- Data visualization
- JavaScript
- Strong Python skills
- Bash and Python
- React
- Node.js
- Pandas
- MongoDB
- MySQL database management
- Next.js
- Express
- HTML & CSS
- TypeScript
- Helmet

Experience

Labmentix | Delhi
AI/ML Intern
06/2025 - 08/2025

- Assisted in developing machine learning models for data analysis projects.
- Supported data visualization initiatives to present insights effectively.
- Contributed to real-time projects, including FBI crime time series forecasting and PhonePe.
- Tested, validated, and reformulated models to enhance prediction accuracy.

Education and Training

Newton School Of Technology | Sonipat , Haryana
Btech CS DS in Computer Science And Data Science

St Xaviers High School | Gurugram , Haryana
10th , 12th in Science

Certifications

Labmentix

Projects

- **CodeSenseAI:** A web-based AI code reviewer with smart suggestions, clean UI, syntax highlighting, live execution, and multi-language support. It's easy to manage code and designed for future expansion.
- **FarmEase:** A simple, smart farm-management platform that helps farmers track crops, plan tasks, monitor resources, and get quick insights through an easy, efficient interface.
- **FBI Time Series Forecasting:** A predictive system that analyzes historical crime data to forecast trends, providing clear insights for better planning and resource allocation.
- **Glassdoor:** A platform where employees share reviews, salaries, and workplace insights, helping job seekers understand company culture and make informed career decisions.
- **PhonePe:** A secure digital payments app for instant money transfers, bill payments, recharges, and purchases, with UPI, wallet features, and financial services in one place.
